

Jacqueline Hitchcock Kearney
1921-2013

Jacqueline H. Kearney became a member of the Friends Meeting of Washington in 1954, having grown up a Quaker in Wilmington, Delaware and Baltimore, and attending the George School. Her husband, Robert F. Kearney, was an active Catholic but made no objection to her application to this Meeting when her children came of age to attend Sunday worship. All three children (Linda, Janice, Stephen) became associate members of the meeting before moving on in their spiritual journeys.

While Jacqueline was not able to attend meetings for worship here even in the early years of her membership, from the late 1950s until last year she was regularly contacted regarding her continued membership and she steadfastly requested that her membership at this Meeting be continued. A reply to our letter of 2013, written by her daughter, informed us that Jacqueline Kearney had passed away.
